

WSCA Group Mass-Upload Registration Instructions

Dear Group Administrator,

Below are some quick notes that will help you fill out the upload template.

#1 - Each row is considered a coach record.

#2 - Each column must have a value (don't leave anything blank except).

#3 - The School Name cell must match the school(s) that you used on your application for group account. If they don't the system will reject the spreadsheet.

#4 - The Sports cells allow 5 choices. The first sport is the primary. Please use the sports list on page 2 for your choices. If you do not use the exact sports (spelling, capitalization, etc.), the system will reject the spreadsheet. The additional 4 sport columns are optional.

#5 - The Coaching Status cells must contain one of the values in the coaching status list on page 2. If you do not use the exact coaching status, the system will reject the spreadsheet.

#6 - Opting In / Out of Texts is strongly suggested. This year we're communicating much more through these mediums than years past. If you want your coaches to stay current on news and events please opt them in.

Use the **Import Spreadsheet** feature to upload your roster.

If you have any questions let us know.

Thank you for your support.
